

31607 LEXINGTON HEIGHTS,
WARREN, MI 48092

OFFERED AT
\$250,000

Completely Updated!

Just wait until you see this one! There's a pocket of Old Warren village where the homes were built with real character, and this bungalow is one of them: approx 1,400 sq ft that lives far larger than it reads on paper, on a spacious, newly fenced corner lot five minutes from TACOM.

Best of all, much of the expensive stuff is done: new siding on house and garage in '18, newer windows, newer appliances, fresh paint, and updated flooring throughout much of the home.
